## SAFETYSTEPTD ADA HANDICAP MAT

### GENERAL INFORMATION

#### DESCRIPTION:

Flexible cement-based ADA Handicap mat with Powerbond technology (peel n stick)

#### USES:

Use SSTDHandicap mat anywhere a handicap parking space requires posting. Adheres to both concrete and asphalt, as well many other substrates. Once product is in place, it should be compressed down using a heavy type roller to ensure the best possible adhesion to the substrate.

#### PRODUCT ATTRIBUTES:

This ADA installs literally in minutes and requires only a clean surface. No primer required. Product has excellent wear resistance.

### PRODUCT INFORMATION

SSTDHandicap mat is manufactured in the U.S.A.

Mat itself is 36" in length x 36" in width x .045" thick.

Weight: 5.6 LBS. including shipping box.

Compression!! Min. 8,000 PSI ASTM C140

Water Absorption! Min. 6% PSI ASTM C140
